CPC30220
Certificate III in Carpentry

CRICOS Course Code 111271J

Glen Institute
INSPIRE THE FUTURE

Qualification Overview

This is a trade qualification for carpenters in residential and commercial workplaces. It includes setting out, manufacturing, constructing, assembling, installing and repairing products made using timber and non-timber materials.

Completion of the general construction induction training program, specified in the Safe Work Australia model Code of Practice: Construction Work, is required by anyone carrying out construction work. Achievement of 'CPCCWHS1001 Prepare to work safely in the construction industry' meets this requirement and **Glen Institute would help you achieve this too.**

Who can Enrol?

Target group for this program will be mostly international students over the age of 18 including mature aged clients who wish to pursue a career in carpentry or further develop or formalise their skills in a variety of tasks relating to housing and commercial construction.

The target learner may also be the ones seeking a pathway to a higher-level qualification in construction industry.

This qualification is suitable for an Australian apprenticeship pathway.

Pathways

The CPC30220 Certificate III in Carpentry provides you with the skills and knowledge to prepare you for careers in building & construction industry.

Upon successful completion of this trade course a nationally recognised qualification is issued. Students are provided with advice on employment and further training options throughout the delivery of the program.

Recommended Pathways from the Qualification

Students completing this Certificate III qualification may choose to progress with further studies by undertaking range of building and construction qualifications such as:

- CPC50220 Diploma of Building & Construction

Employment Pathways from the qualification

Learners could be looking to get the skills to join or re-join the workforce, get better employment opportunities, move into a new career or gain additional skills in their existing career.

This course may lead to employment as:

- Commercial Carpenter
- Formwork Carpenter
- Residential Carpenter

Course Duration

Course duration is calculated on 20 hours per week of face-to-face training for 77 weeks & 15 weeks of allocated term break.

Total Course Duration: 92 weeks

Learning Environment

- Face to face classroom based.
- Multicultural groups in an instructor led learning environment.
- Assessment in simulated environment

Course Fees

Tuition Fee $25,000 AUD
Material Fee $1,250 AUD

Delivery & workshop location

Level 5, 310 King Street, Melbourne VIC 3000
Workshop: Workshop: Outer Northern Trade Training Centre (ONTTC), 407 High Street, Lalor, VIC 3075
CORE UNITS

CPCCWHS2001	Apply WHS requirements, policies and procedures in the construction industry
