# WELCOME FROM THE CEO

It is with great pleasure that I welcome you to Glen Institute!

Glen Institute aims to inspire learning and deliver innovative and industry-relevant training. We have created a positive learning environment that is engaging as well as focusing on academic excellence.

Glen Institute offers a wide variety of courses for students from different cultural backgrounds. We have a dedicated team of qualified and experienced trainers, support staff and management and we are committed to providing you with an outstanding learning experience.

We are located in the heart of Melbourne, the best student city in Australia for 8 years in a row!

Glen Institute offers a truly multicultural experience, which is what Australia and Melbourne is all about. We have a good mix of students from different parts of the world.

As a student of Glen Institute, you will study in an engaging and fun-loving environment. We will ensure that each of you achieve or exceed your expectations, consistent with your study goals and career aspirations.

On behalf of Glen Institute, I welcome you to explore the amazing experience that's awaiting for you at Glen. We hope you enjoy studying with us and we wish you every success in this journey.

# LET'S START

# COURSES ENTRY REQUIREMENTS

General Entry requirements for VET courses are as below:

- All applicants must be aged 18 years or over at the time of applying for admission to the course.
- Successful completion of Australian Equivalent Year 12 qualification or higher.
- Minimum IELTS score of 6.0 Or PTE score of 52 or Certificate IV in EAL or equivalent.\*

\*For equivalency of various English Languages proficiency testing, and other forms of equivalency please refer to the Admissions and student selection policy available in the Students handbook ([www.glen.edu.au](http://www.glen.edu.au)).

\*In the absence of formal English qualifications GLEN may proffer GLEN English Placement Test (Oxford Placement).

## In addition for VET courses:

- Applicants will be required to demonstrate their LLN capabilities &/or complete an LLN assessment prior to the commencement of the course as per the Glen Pre-training & LLN Policy & Procedure. Glen Institute uses LLN Robot platform for the assessment.
- Applicants should have basic computer and MS Office skills (Word, Excel and Power Point).
- Applicants should be in possession of their personal computer (the minimum configuration should be Intel Core i3 (sixth generation or newer) or equivalent. Operating System: Microsoft Windows 10 Professional x64, Memory: 4 GB RAM, Storage: 120 GB internal storage).

### Requirement specific to Advanced Diploma of Leadership and Management:

- Successful completion of Diploma or Advanced Diploma from the BSB Training Package (current or superseded equivalent versions).

### Requirement specific to Graduate Diploma program:

- Successful completion of an AQF level 6 qualification - Nationally recognised Advanced Diploma/equivalent\*/higher achieved in the last 5 years.  
(For International Students – preferable satisfactory completion of a three (3) year full time bachelor's degree)

OR

- At least twelve months of work experience in a leadership/ management or learning management role in the last 5 years.

### Requirements specific to Advanced Diploma of Information Technology program:

- Successful completion of Diploma of Information Technology or similar qualification is preferred.

### Requirements specific to Hospitality programs:

- Hospitality candidates should be able to handle and cook dairy products and non-vegetarian food items including pork and may involve alcohol.

### Requirements specific to Automotive programs:

- Due to the practical nature of this course, each student will need to

physically be able to perform assessment tasks in an automotive workplace simulated environment. A student should meet the basic physical and health requirements of those tasks address in the Pre-Training Review and enrolment form.

- Applicants to **Certificate IV in Automotive Mechanical Diagnosis course**, must have completed an automotive mechanical Certificate III qualification or be able to demonstrate equivalent competency.

### Requirements specific to Carpentry, Building & Construction Programs:

- Due to the practical nature of this course, the learners will need to be able to work with their hands, have a good sense of balance and ability to work at heights and be physically capable to meet the physical demands in completing assessments in a workplace or simulated workplace environment.
- Applicants to **Diploma of Building and Construction and Advanced Diploma of Civil Construction Design** must hold a White Card prior to course commencement or prior to participation in any of the practical units for this course.

### Notes:

- Glen does not promise overseas students any possible migration outcomes from undertaking any courses or guarantee successful education assessment outcomes for the overseas or intending overseas student.
- Glen does not warrant that enrolment in or completion of the course will enable a student to obtain any employment or to remain in Australia upon completion of the course.
- You may be re- assessed for subsequent courses if you have not successfully completed the currently enrolled course.

# BSB80120 Graduate Diploma of Management (Learning)

CRICOS Course Code I06383K

## Duration

**Total Course Duration: 52 weeks**  
Course duration is calculated on 20 hours per week of face-to-face training for 44 weeks & 8 weeks of allocated term break.

## Learning Environment

- Face to face classroom based.
- Multicultural groups in an instructor-led learning environment.
- Assessment in simulated environment.

## Qualification Overview

This qualification reflects the roles of individuals who apply highly specialised knowledge and skills in the field of organisational learning and capability development. Individuals in these roles generate and evaluate complex ideas. They also initiate, design and execute major learning and development functions within an organisation. Typically, they would have full responsibility and accountability for the personal output and work of others.

This qualification may apply to leaders and managers in an organisation where learning is used to build organisational capability.

## Who can Enrol?

Target students will be mostly International/Overseas mature aged applicants who wish to further develop or formalise their skills by gaining a Graduate Diploma Qualification. Applicants may possess an overseas bachelor's degree or higher. They might have experience working in a management role, seeking to further develop, and apply highly specialised knowledge and skills in the field of organisational learning and capability development. This course would also suit applicants wishing to gain entry to Australian University in a master's program in management or leadership discipline.

## Recommended Pathway from the Qualification

Although this qualification does not specify a mandatory pathway, recommended pathways for candidates considering this qualification may include:

- Following successful completion of an AQF level 6 qualification - Nationally recognised Advanced Diploma/equivalent\*/higher achieved in the last 5 years.
- For International Students – preferable satisfactory completion of a three (3) year full time bachelor's degree.

OR

- At least twelve months of work experience in a leadership/

management or learning management role in the last 5 years.

## Related occupations

Learning and Development Consultant, Manager/Head of Department, Organisational Learning and Leadership Manager, Training Manager, Workforce Capability Development Leader, Workforce Planner, Educational Professional Manager Providing Research or Information related to Career Development.

## Related industry sectors

RTO, Human Resource Management, Education Administration, Health Care and Social Assistance, Education and Training.

## Entry Requirements

Please refer to page 9.

### CORE UNITS

# SIT30821 Certificate III in Commercial Cookery

CRICOS Course Code I09869H

## Duration

### **Total Course Duration: 58 weeks**

This course will be delivered over a period of 58 weeks of full-time study where there will be 44 academic weeks, 6 practical placement weeks and 8 weeks of breaks.

## Learning Environment

- Face to face classroom and kitchen based
- Multicultural groups in an instructor-led learning environment
- Assessment in simulated environment
- Work based training

## Qualification Overview

This qualification reflects the role of cooks who use a wide range of well-developed cookery skills and sound knowledge of kitchen operations to prepare food and menu items. Using discretion and judgement, they work with some independence and under limited supervision using plans, policies and procedures to guide work activities.

Completion of this qualification contributes to recognition as a trade cook.

This qualification provides a pathway to work as a cook in organisations such as restaurants, hotels, clubs, pubs, cafes, and coffee shops.

## Work Based Training

Each student is required to work in a commercial hospitality operation for a minimum of 48 sessions (192 hours of work placement) for the unit SITHCCC043 Work effectively as a cook.

## Who can Enroll

Target group for this program will be international applicants over the age of 18 who wish to enter the hospitality industry as a commercial cook.

## Pathways

After achieving Certificate III in Commercial Cookery, individuals could progress to Certificate IV in Kitchen Management, or other parallel Certificate IV qualifications.

This qualification provides a pathway to work as a commercial cook in organisations such as restaurants, hotels, clubs, pubs, cafes and coffee shops.

## Entry Requirements

Please refer to page 9.

SITHCCC025*	Prepare and present sandwiches
SITHCCC026*	Package prepared foodstuff
SITHCCC040*	Prepare & serve cheese
SITXWHS006	Identify hazards, assess and control safety risks

\*The elective units may change at college's discretion, if necessary.

# SIT40521 Certificate IV in Kitchen Management

CRICOS Course Code I09543H

## Duration

### Total Course Duration: 76 weeks

This course is designed over a period of 76 weeks, where 68 weeks are Academic weeks & 8 weeks of allocated term break

## Learning Environment

- Face to face classroom and kitchen based
- Multicultural groups in an instructor-led learning environment
- Assessment in simulated environment
- Work based training

## Qualification Overview

This qualification reflects the role of chefs and cooks who have a supervisory or team leading role in the kitchen. They operate independently or with limited guidance from others and use discretion to solve non-routine problems.

This qualification provides a pathway to work in organisations such as restaurants, hotels, clubs, pubs, cafes and coffee shops, or to run a small business in these sectors.

## Work Based Training

Each student is required to work in a commercial hospitality operation for a minimum of 48 sessions (192 hours of work placement) for the unit SITHCCC043 Work effectively as a cook. Practical Work Placement / Work Based Training (WBT) sessions can be undertaken separately or concurrently depending on each student's employment circumstances.

## Who can Enroll

Target learners will be existing Glen Institute students, or those seeking to enrol with Glen Institute, who have successfully completed SIT3082I Certificate III in Commercial Cookery and wish to continue their studies and qualify for chef or chef de partie positions in the hospitality industry.

## Pathways

After achieving Certificate IV in Kitchen Management, individuals could progress to Diploma of Hospitality Management or other parallel Diploma qualifications.

This qualification provides a pathway to work in various kitchen settings, such as restaurants, hotels, clubs, pubs, cafes and coffee shops or to run a small business in these sectors.

## Entry Requirements

Please refer to page 9.

## CORE UNITS

SITXMGT004	Monitor work operations
SITXFIN009	Manage finances within a budget
SITXHRM009	Lead and manage people
SITXCCS016	Develop and manage quality customer service practices
SITXFIN010	Prepare and monitor budgets
SITXGLC002	Identify and manage legal risks and comply with law
SITXMGT005	Establish and conduct business relationships
BSBOPS601	Develop and implement business plans (ADLM)
SITXFIN011	Manage physical assets
BSBFIN601	Manage organisational finances
SITXHRM010	Recruit, select and induct staff
SITXHRM012	Monitor staff performance
SITXMPRO14	Develop and implement marketing strategies
SITXWHS008	Establish and maintain a work health and safety system

## ELECTIVE UNITS\*

SITXFSA005	Use hygienic practices for food safety
SITHKOP013	Plan cooking operations
SITHCCC027	Prepare dishes using basic methods of cookery
SITHCCC023	Use food preparation equipment
SITHCCC030	Prepare vegetables, fruit, eggs and farinaceous products
SITHCCC028	Prepare appetisers and salads
SITHCCC031	Prepare vegetarian and vegan dishes
SITHCCC035	Prepare poultry dishes
SITHCCC037	Prepare Seafood dishes
SITHCCC036	Prepare meat dishes
SITHCCC029	Prepare stocks, sauces and soups
SITHCCC042	Prepare food to meet special dietary requirements
SITHCCC040	Prepare & serve cheese
SITHCCC044	Prepare specialised food items
SITXINV008	Control stock
SITXHRM008	Roster staff
SITXCOM010	Manage conflict
SITXWHS007	Implement and monitor work health and safety practices
SITXCCS015	Enhance customer service experiences

\*The elective units may change at college's discretion, if necessary.

## CAREER OPPORTUNITIES

## PLACES TO WORK

### CERTI CATE III IN COMMERCIAL COOKERY - 58 WEEKS

Graduates at this level will gain Theoretical and Practical knowledge and further learning through Work Based Training.

- Commercial cook

- Restaurants
- Hotels
- Clubs
- Pubs
- Café
- Coffee shops

### CERT. III IN COMMERCIAL COOKERY + CERT. IV IN KITCHEN MANAGEMENT + DIPLOMA IN HOSPITALITY MANAGEMENT - 110 WEEKS

This qualification allows for multiskilling and for specialisation in accommodation services, cookery, food and beverage and gaming.

- Banquet or function manager
- Bar manager
- Café manager
- Chef de cuisine chef patissier
- Club manager
- Executive housekeeper
- Front office manager
- Gaming manager
- Kitchen manager
- Motel manager
- Restaurant manager
- Sous chef
- Unit manager catering operations

- Restaurants
- Hotels
- Clubs
- Motels
- Catering operations
- Pubs
- Café
- Coffee shops

### CERT. III IN COMMERCIAL COOKERY + CERT. IV IN KITCHEN MANAGEMENT + DIPLOMA & ADVANCED DIPLOMA IN HOSPITALITY MANAGEMENT - 136 WEEKS

Graduates at this level will have broad knowledge and skills for professional/highly skilled work and/or further learning.

- Area manager or Operations manager
- Café owner or manager
- Club secretary or Manager
- Executive chef
- Executive housekeeper
- Executive sous chef
- Food and beverage manager
- Head chef
- Motel owner or manager
- Rooms division manager

- Restaurants
- Hotels
- Clubs
- Motels
- Catering operations
- Pubs
- Café
- Coffee shops

# GLEN TRAINING KITCHEN

★ 172 Victoria St,  
Richmond VIC 3121

- Huge Kitchen
- Maximum capacity of 20 students
- Easy access to Public Transport
- Just 15 to 20 min from the CBD

# AUR30620 Certificate III in Light Vehicle Mechanical Technology

CRICOS Course Code I03653F

## Duration

**Total Course Duration: 78 weeks**  
Course duration is calculated on 20 hours per week of face-to-face training for 66 weeks & 12 weeks of allocated term break.

## Learning Environment

- Face to face classroom based
- Multicultural groups in an instructor-led learning environment
- Campus & Workshop based Delivery

## Qualification Overview

This qualification reflects the role of individuals who perform a broad range of tasks on a variety of light vehicles in the automotive retail, service and repair industry.

## Who can Enrol?

Target group for this program will be the international students over the age of 18 including mature aged clients who wish to further develop or formalise their skills in a variety of tasks relating to light vehicles in the automotive retail, service and repair industry.

## Pathways into the qualification

AUR30620 Certificate III in Light Vehicle Mechanical Technology is considered a trade course, upon successful completion of the course and nationally recognised qualification is issued. Students are provided with advice on employment and further training options throughout the delivery of the program.

## Pathways from the qualification

Students completing the Certificate III qualification may choose to progress with further studies by undertaking one or more of the following qualifications:

- AUR40216 Certificate IV in Automotive Mechanical Diagnosis

## Employment Pathways from the qualification

This qualification prepares student to perform mechanical work in the Automotive (light vehicle) Service and Repair Industry.

This course may lead to employment as:

- Light Vehicle Repair Technician

## Entry Requirements

Please refer to page 9.

## CORE UNITS

### AURAEA002

Follow environmental and sustainability best practice in an automotive workplace

### AURASAI02

Follow safe working practices in an automotive workplace

### AURTTK102

Use and maintain tools and equipment in an automotive workplace

### AURETRI31

Diagnose and repair ignition systems

### AURETRII2

Test and repair basic electrical circuits

### AURETRI25

Test, charge and replace batteries and jump-start vehicles

### AURTTEI04

Inspect and service engines

### AURTTB101

Inspect and service braking systems

### AURLTB103

Diagnose and repair light vehicle hydraulic braking systems

### AURTTAI18

Develop and carry out diagnostic test strategies

### AURTTAI04

Carry out servicing operations

### AURTTFI01

Inspect and service petrol fuel systems

### AURLTDI05

Diagnose and repair light vehicle suspension systems

### AURLTZI01

Diagnose and repair light vehicle emission control systems

### AURLTDI04

Diagnose and repair light vehicle steering systems

### AURETRI23

Diagnose and repair spark ignition engine management systems

### AURTTCI03

Diagnose and repair cooling systems

### AURLTEI02

Diagnose and repair light vehicle engines

### AURETRI29

Diagnose and repair charging systems

### AURETRI30

Diagnose and repair starting systems

## ELECTIVE UNITS\*

### AURTTK001

Use and maintain measuring equipment in an automotive workplace

### AURTTB015

Assemble and fit braking system components

### AURACAI01

Respond to customer needs and enquiries in an automotive workplace

### AURTTJ011

Balance wheels and tyres

### AURETDI01

Diagnose and repair electronic controlled steering systems

### AURTTCC001

Inspect and service cooling systems

### AURAFAI03

Communicate effectively in an automotive workplace

### AURETRI20

Diagnose and repair network electronic control systems

### AURLTJI02

Remove, inspect, repair and refit light vehicle tyres and tubes

### AURTTZIO2

Diagnose and repair exhaust systems

### AURETRI28

Diagnose and repair instruments and warning systems

### AURTTD002

Inspect and service steering systems

### AURETRO11

Install basic ancillary electrical systems and components

### AURETRI22

Diagnose and repair vehicle dynamic control systems

### AURTTXI03

Inspect and service automatic transmissions

### AURETRI32

Diagnose and repair automotive electrical systems

\*The elective units may change at college's discretion, if necessary.

# AUR40216 Certificate IV in Automotive Mechanical Diagnosis

CRICOS Course Code I03295A

## Duration

**Total Course Duration: 27 weeks**  
Course duration is calculated on 20 hours per week of face-to-face training for 22 weeks & 5 weeks of allocated term break.

## Learning Environment

- Face to face classroom based
- Multicultural groups in an instructor-led learning environment
- Campus & Workshop based Delivery

## Qualification Overview

This qualification reflects the role of individuals who perform advanced diagnostic tasks in the automotive retail, service and repair industry.

Those undertaking the Certificate IV in Automotive Mechanical Diagnosis must have completed an automotive mechanical Certificate III qualification or be able to demonstrate equivalent competency.

## Who can Enrol?

Target group for this program will be the international students over the age of 18 including mature aged clients who have completed an automotive mechanical Certificate III qualification or be able to demonstrate equivalent competency.

## Pathways into the qualification

AUR40216 Certificate IV in Automotive Mechanical Diagnosis is considered a trade course, upon successful completion of the course and nationally recognised qualification is issued. Students are provided with advice on employment and further training options throughout the delivery of the program.

## Pathways from the qualification

Students completing the Certificate IV qualification may choose to progress with further studies by undertaking one or more of the following qualifications:

- AUR50116 Diploma in Automotive Management
- AUR50216 Diploma of Automotive Technology

## Employment Pathways from the qualification

This qualification prepares student to perform advanced diagnostic tasks in the automotive retail, service and repair industry. It may lead to employment as:

- Automotive diagnostic/ master technician or machinery operator in Transport, warehousing & construction industry.

## Entry Requirements

Please refer to page 9.

### CORE UNITS

**AURTTA121** Diagnose complex system faults

### ELECTIVE UNITS\*

**AURETRI37** Diagnose complex faults in light vehicle safety systems.

**AURETRI23** Diagnose and repair spark ignition engine management systems

**AURLTB103** Diagnose and repair light vehicle hydraulic braking systems

**AURLTD109** Diagnose complex faults in light vehicle steering and suspension systems

**AURLTE104** Diagnose complex faults in light vehicle petrol engines

**AURLTE105** Diagnose complex faults in light vehicle diesel engines

**AURTTA125** Diagnose complex faults in vehicle integrated stability control systems

**AURTTRI01** Diagnose complex faults in engine management systems

**AURLTX104** Diagnose complex faults in light vehicle automatic transmission and driveline systems

\*The elective units may change at college's discretion, if necessary.

# AUR50116 Diploma of Automotive Management

CRICOS Course Code I03296M

## Duration

**Total Course Duration: 52 weeks**  
Course duration is calculated on 20 hours per week of face-to-face training for 44 weeks & 8 weeks of allocated term break.

## Learning Environment

- Face to face classroom & workshop based
- Multicultural groups in an instructor-led learning environment
- Campus & Workshop based Delivery

## Qualification Overview

This qualification reflects the role of individuals undertake leadership and management roles in the automotive industry. It is suitable for entry into senior management roles in all sectors of the automotive industry.

## Who can Enrol?

Target group for this program will be the international students over the age of 18 including mature aged clients who wish to further develop or formalise their skills in leadership and management roles in the automotive industry.

## Pathways into the qualification

AUR50116 Diploma of Automotive Management enables graduates to apply for leadership and management roles in the automotive service, repair and retails industry. There are several future pathways that include further studies of jobs roles.

## Pathways from the qualification

Students completing the Diploma qualification may choose to progress with further studies by undertaking one or more of the following qualifications:

- BSB60420 Advanced Diploma of Leadership and Management
- BSB60120 Advanced Diploma of Business

## Employment Pathways from the qualification

This qualification prepares students to enter senior management roles in the sectors of the Automotive Service and Repair Industry. This course may lead to employment as a:

- Automotive service/repair manager
- Automotive workshop manager
- Dealer operations manager
- Automotive parts manager

## Entry Requirements

Please refer to page 9.

### CORE UNITS

BSBLDR522	Manage people performance
BSBFIN501	Manage budgets and financial plans
AURAMA006	Contribute to planning and implementing business improvement in an automotive workplace
BSBWHS521	Ensure a safe workplace for a work area
AURAEA004	Manage environmental and sustainability best practice in an automotive workplace
AURAMA005	Manage complex customer issues in an automotive workplace

### ELECTIVE UNITS\*

BSBOPS502	Manage business operational plans
BSBTWK502	Manage team effectiveness
BSBPEF501	Manage personal and professional development
BSBHRM413	Support the learning and development of teams and individuals
AURAAA002	Determine retail rates for automotive products and services
BSBOPS505	Manage organisational customer service

\*The elective units may change at college's discretion, if necessary.

# CPC30220 Certificate III in Carpentry

CRICOS Course Code III271J

## Duration

**Total Course Duration: 92 weeks**  
Course duration is calculated on 20 hours per week of face-to-face training for 77 weeks & 15 weeks of allocated term break..

## Learning Environment

- Face to face classroom & workshop based
- Multicultural groups in an instructor led learning environment
- Assessment in simulated environment

## Qualification Overview

This is a trade qualification for carpenters in residential and commercial workplaces. It includes setting out, manufacturing, constructing, assembling, installing and repairing products made using timber and non-timber materials.

Completion of the general construction induction training program, specified in the Safe Work Australia model Code of Practice: Construction Work, is required by anyone carrying out construction work. Achievement of 'CPCCWHS1001 Prepare to work safely in the construction industry' meets this requirement and **Glen Institute would help you achieve this too.**

## Who can Enrol?

Target group for this program will be mostly international students over the age of 18 including mature aged clients who wish to pursue a career in carpentry or further develop or formalise their skills in a variety of tasks relating to housing and commercial construction.

The target learner may also be the ones seeking a pathway to a higher-level qualification in construction industry.

This qualification is suitable for an Australian apprenticeship pathway.

## Pathways

Students completing this Certificate III qualification may choose to progress with further studies by undertaking range of building and construction qualifications such as:

- CPC50220 Diploma of Building & Construction

## Employment Pathways from the qualification

Learners could be looking to get the skills to join or re-join the workforce, get better employment opportunities, move into a new career or gain additional skills in their existing career.

This course may lead to employment as:

- Commercial Carpenter
- Formwork Carpenter
- Residential Carpenter

## Entry Requirements

Please refer to page 9.

## CORE UNITS

CPCCWHS2001	Apply WHS requirements, policies and procedures in the construction industry
CPCCOMI014 CPCCCA3025	Conduct workplace communication Read and interpret plans, specifications and drawings for carpentry work
CPCCOMI015 CPCCCA3024 CPCCCA2002 CPCCCM2006 CPCCCA2011 CPCCCA3010 CPCCOM3001	Carry out measurements and calculations Install lining, panelling and moulding Use carpentry tools and equipment Apply basic levelling procedures Handle carpentry materials Install windows and doors Perform construction calculations to determine carpentry material requirements
CPCCCA3003 CPCCCA3005 CPCCCA3004 CPCCCA3002 CPCCCA3006 CPCCCA3007 CPCCCA3016 CPCCCA3017 CPCCCO2013 CPCCOMI012 CPCCCM2012 CPCCCA3008 CPCCCA3001 CPCCCM2008 CPCCCA3028 CPCCOM3006 CPCCWHS3001	Install flooring systems Construct ceiling frames Construct and erect wall frames Carry out setting out Erect roof trusses Construct pitched roofs Construct, assemble and install timber external stairs Install exterior cladding Carry out concreting to simple forms Work effectively and sustainably in the construction industry Work safely at heights Construct eaves Carry out general demolition of minor building structures Erect and dismantle restricted height scaffolding Erect and dismantle formwork for footings and slabs on ground Carry out levelling operations Identify construction work hazards and select risk control strategies

## ELECTIVE UNITS\*

CPCCCM3005 CPCCCA3012 CPCCCA3014 CPCCCM2002 CPCCOMI013 CPCCJN3003 CPCCSF2004	Calculate costs of construction work Frame and fit wet area fixtures Construct and install bulkheads Carry out hand excavation Plan and organise work Manufacture components for doors, windows and frames Place and fix reinforcement materials
--	--

\*The elective units may change at college's discretion, if necessary.

# CPC50220 Diploma of Building and Construction (Building)

CRICOS Course Code III269C

## Duration

**Total Course Duration: 92 weeks**  
Course duration is calculated on 20 hours per week of face-to-face training for 77 weeks & 15 weeks of allocated term break.

## Learning Environment

- Face to face classroom & workshop based
- Multicultural groups in an instructor-led learning environment
- Campus & Workshop based Delivery

## Qualification Overview

This qualification reflects the role of building professionals who apply knowledge of structural principles, risk and financial management, estimating, preparing and administering building and construction contracts, selecting contractors, overseeing the work and its quality and managing construction work in building projects including residential and commercial with the following limitations:

- Residential construction limited to National Construction Code Class 1 and 10 buildings to a maximum of 3 storeys.
- Commercial construction limited to National Construction Code Class 2 to 9 buildings, Type C and B construction.

The construction industry strongly affirms that training and assessment leading to recognition of skills must be undertaken in a real or very closely simulated workplace environment. To achieve this qualification, the candidate must have access to a live building and construction workplace to meet certain assessment requirements. **Glen Institute collaborates with industry experts and construction businesses to provide the students this access.** Completion of the general construction induction training program, specified in the Safe Work Australia model Code of Practice: Construction Work, is required by anyone carrying out construction work. Achievement of 'CPCCWHS1001 Prepare to work safely in the construction industry' meets this requirement and **Glen Institute would help you achieve this too.**

## Who can Enrol?

Target group for this program will be mostly international students over 18 years of age, who may have completed a lower-level Building and Construction qualification or may have been working in the building and construction industry and wish to acquire skills and knowledge that could lead to senior management roles or start their own business.

## Pathways

Students completing this Diploma level qualification may choose to progress with further studies by undertaking range of building and construction qualifications such as RII60520 Advanced Diploma of Civil Construction Design or other parallel Advanced Diploma qualifications.

## Employment Pathways from the qualification

This qualification provides a pathway to work as a:

- Builder
- General Foreperson
- Building Inspector

## Entry Requirements

Please refer to page 9.

### CORE UNITS

CPCCBC4001	Apply building codes and standards to the construction process for Class 1 and 10 buildings
CPCCBC4053	Apply building codes and standards to the construction process for Class 2 to 9, Type C buildings
CPCCBC5007	Administer the legal obligations of a building and construction contractor
CPCCBC5010	Manage construction work
CPCCBC5001	Apply building codes and standards to the construction process for Type B construction
BSBOPS504	Manage business risk
BSBWHS513	Lead WHS risk management
CPCCBC4003	Select, prepare and administer a construction contract
CPCCBC4004	Identify and produce estimated costs for building and construction projects
CPCCBC4005	Produce labour and material schedules for ordering
CPCCBC5011	Manage environmental management practices and processes in building and construction
CPCCBC4010	Apply structural principles to residential and commercial constructions
CPCCBC4008	Supervise site communication and administration processes for building and construction projects
CPCCBC4009	Apply legal requirements to building and construction projects
CPCCBC4012	Read and interpret plans and specifications
CPCCBC5013	Manage professional technical and legal reports on building and construction projects
CPCCBC4014	Prepare simple building sketches and drawings
CPCCBC4018	Apply site surveys and set-out procedures to building and construction projects
CPCCBC5002	Monitor costing systems on complex building and construction projects
CPCCBC5003	Supervise the planning of onsite building and construction work
CPCCBC5005	Select and manage building and construction contractors
CPCCBC5019	Manage building and construction business finances
CPCCBC5018	Apply structural principles to the construction of buildings up to 3 storeys
CPCCBC4013	Prepare and evaluate tender documentation

### ELECTIVE UNITS\*

CPCCBC4052	Lead and manage teams in the building and construction industry
BSBPMG532	Manage project quality
BSBPMG538	Manage project stakeholder engagement

\*The elective units may change at college's discretion, if necessary.

# RII60520 Advanced Diploma of Civil Construction Design

CRICOS Course Code III270K

## Duration

**Total Course Duration: 92 weeks**  
Course duration is calculated on 20 hours per week of face-to-face training for 77 weeks & 15 weeks of allocated term break.

## Learning Environment

- Face to face classroom based.
- Multicultural groups in an instructor led learning environment.
- Assessment in simulated environment

### Qualification Overview

This qualification reflects the role of an individual working as a senior civil works designer or a para-professional designer, who supports professional engineers. They perform tasks that are broad, specialised, complex and technical and include strategic areas and initiating activities. They are responsible for the design of complex projects to ensure the implementation of the client's site requirements and are required to demonstrate self-directed application of theoretical and technical knowledge and initiate solutions to technical problems or management requirements.

### Who can Enrol?

Target group for this program will be mostly international students over 18 years of age, who may have completed a lower-level Building and Construction qualification or may have been working in the building and construction industry and wish to acquire skills and knowledge that could lead to senior management roles in complex civil works design or start their own business.

### Pathways

Students who complete this course may wish to continue their education into a range of Graduate Diploma qualifications, as well as higher education qualifications in Civil Construction or Bachelor of Engineering (Civil). They may also join the workforce in the building & construction industry.

### Recommended Pathways from the Qualification

After achieving the RII60520 Advanced Diploma in Civil Construction Design, individuals could progress to further tertiary level qualifications.

### Employment Pathways from the qualification

This qualification provides a pathway to work as a:

- Senior Civil Works Designer
- Para-professional designer, who supports professional engineers
- Road Design Draftsperson
- Sewage Reticulation Drafting Officer

- Structural Engineering Drafting Officer
- Civil Design Manager
- Contracts manager

### Entry Requirements

Please refer to page 9.

#### CORE UNITS

BSBPMG632	Manage program risk
BSBTWK503	Manage team effectiveness
RIIQUA60IE	Establish and maintain a quality system
BSBWHS616	Apply safe design principles to control WHS risks
RIICWD60IE	Manage civil works design processes

#### ELECTIVE A\*

BSBOPS60I	Develop and implement business plans
BSBSTR60I	Manage innovation and continuous improvement
BSBPMG530	Manage project scope
BSBPMG535	Manage project information and communication

#### ELECTIVE B\*

RIICWD512E	Prepare detailed design of motorways and interchanges
RIICWD526E	Prepare detailed traffic analysis
RIILAT402E	Provide leadership in the supervision of diverse work teams

\*The elective units may change at college's discretion, if necessary.
